

PE and Sport Funding 2017 - 18

The PE and Sport Premium is used to fund improvements to the provision of PE and sport for the benefit of primary aged pupils to give them the opportunity to develop a healthy lifestyle. It aims to create a sporting habit for life in young people.

At Carville Primary School we use the funding to build on our current good practice in order to improve sporting performance, increase participation and provide health and wellbeing outcomes for pupils.

Funding is being used to:

- Deploy new sports coaches and other personnel qualified in sport to teach pupils in PE lessons and to coach sport in new after-school clubs.
- Organise interschool sports competitions and festivals.
- Improve teachers' subject knowledge and enable them to work alongside specialist teachers and coaches to observe and learn new skills and techniques from them.
- Work in partnership with secondary schools in delivering CPD sessions, masterclasses and extra-curricular sport.
- Engage with parents, the community and local sports clubs e.g. Newcastle United FC Foundation to increase pupils' regular participation in sport.
- Provide a range of sporting and physical activities not easily accessible by all pupils.
- Help selected pupils, including the disabled and those who have Special Educational Needs, to overcome barriers and enjoy the benefits of PE and sport.

The improvements in PE and sport will be made sustainable by: the integration of physical activity into the wider curriculum, the professional development of staff through shared coaching and educational visits, increased awareness of pupils and parents about opportunities in their local area to engage in PE and sport activities.

PE Funding for Carville Primary School 2017- 2018

The funding we received for the academic year was £17,580

Impact of PE and Sport Funding 2017-2018
